

Greetings fellow animal lovers! May we introduce you to *The Pet Connection*, and cordially invite you back for more. Please stay tuned for pet health education brought to you by the folks at Day Hollow Animal Hospital on Day Hollow Road in Owego. Not only will we be discussing how to keep your favorite furry friends healthy and tips on how to monitor their health status, but also how to ensure you are protected from zoonotic diseases that may be passed from pets to humans. We'll be discussing topics ranging from puppy and kittenhood matters all the way to the needs of your senior pet. If you have any questions or concerns or would like to find a copy of our article, you may visit [www.DayHollowAnimalHospital.com](http://www.DayHollowAnimalHospital.com). You are also welcome to provide us suggestions on information you'd like to hear about! Next article topic: *The Hard Truth About Rabies*.
